

I am writing this to tell the FCC that I benefit from listening to XM Satellite Radio and its traffic and weather channels. The XM satellite radio provides variety and quality that are not available elsewhere. I pay a monthly fee for these services and it should not be up to the National Association of Broadcasters to dictate what I can and cannot hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
